- 5) No player will be cleared to train with a club they are intending to transfer to until the clearance has been finalised. There will be no exceptions.
- 6) Subject to rule 6, a League or the NSWRL may refuse to grant a Transfer Permission in any of the following circumstances:
 - a) If two (2) or more Transfer Permissions have already been granted in respect of Players, who played in the same age group for the same Club in the last Season of Community Rugby League, to move to the same New Club for the next Season.
 - b) If four (4) or more Transfer Permissions have already been granted in respect of Players, who played for any Club within the League concerned in the

last Season of Community Rugby League, to move to the same age group in the same New Club for the next Season.

c) In competitive football age groups where the Player is classified as a Representative Player, has been registered in a Division 1 team or a team in a higher age group within any NSWRL Competition (this includes competitions with only one Division) at any time within the previous 18 months, and where the Club which the Player intends Registering to play for qualified for the Division 1 Grand Final in that players current or correct age group in the previous season.

8) The League or NSWRL may grant a Transfer Permission or a Registration Permission which would otherwise breach this Policy in what it determines to be “Exceptional Circumstances”. In all examples, applications for consideration of exceptional circumstances will be assessed in the context of the best interests of

the game. These considerations are intended for use in providing some flexibility in the limiting of player movement in lower divisions rather than compromising the application of rules in Division 1 competitions, particularly with regard to Grand Final teams. **For the purpose of this Policy**, “Exceptional Circumstances” **that may be considered are:**

- a) If the Existing **Club** is disbanded, merges with any other Club, or ceases to exist.
 - b) If the Player is a child of, or otherwise under the guardianship of, a person who has relocated their usual place of residence:
 - i) in connection with that person’s employment; or
 - ii) for compassionate reasons; and where the Player lives with that parent or guardian, and where as a consequence of that relocation, the Player would have to travel an unreasonable distance to play “home” matches in Competitions for the Existing Club.
 - c) If the Player is in a situation where his/her parents, guardians or family unit has separated, and where court ordered custody arrangements are in place in relation to the Player meaning that would be unreasonable for the Player to play for, or train with, the Existing Club. Please note this does not mean living with a relative to facilitate the avoidance of the transfer policy.
 - d) Mental health issues are extremely important and as such any claims are treated very seriously. Please note that mental health may not necessarily form an exceptional circumstance. Mental health issues will be considered only when accompanied by an independent psychologist report.
- 7) Club Right to Deny a Clearance: Under the terms of the Transfer Policy a Club has the ability to deny a transfer if:
The Club has already approved 4 INTERNAL Transfers within the same age group.
The Club has already approved 4 EXTERNAL Transfers within the same age group.
Enforcement of this rule is solely at the discretion of the club.
- 8) Denied Clearance – Transfer Case Review Process for participants who wish to move to a new League or move to a new Club that participates in a NSWRL Conference Competition
A parent or guardian who believes a Transfer Permission or Registration Permission has been unfairly denied under the scope of the Policy has the option of submitting a request for a Transfer Case Review. This “Case Review” must be approved by an authorised person from the receiving club before it is submitted. Please refer to Exceptional Circumstances within the Policy (Section 6), which

outlines circumstances in which a Transfer can be approved over and above the Transfer Policy.

This can be done by applying to the NSWRL Regional or Zone Manager who shall assess the merits of the Transfer Review and either:

1. Approved the Transfer Permission or Registration Permission

OR

2. Deny the Transfer Permission or Registration Permission

To apply for a Transfer Review under Section 7 of this Policy, please complete the online form at

Should the Transfer Permission or Registration Permission be denied under the terms of the Transfer Review, the aggrieved party shall have the right to Appeal this decision to the Appeals Committee of the NSW Community Rugby League Association (see Section 8). Local Leagues will have internal processes for the Review of internal League transfers.

- 9) The only right of appeal available to a Player, Club or District League (together an "Appellant") in respect of any decision made under this Policy in relation to a Player is set out in this rule 8.

Where the Existing Club's League and the New Club's League is the same League and teams involved participate in a Community Rugby League competition conducted solely by that League

- iii) Registration Permission;

(a "Transfer Decision") to the General Manager/Administrator of the League, by written notice addressed to the General Manager/Administrator setting out the grounds on which the Appeal is made and attaching all relevant documents and information relied on by the Appellant.

- b) Any Appeal made pursuant to rule 7(a) must be made within five (5) days of the Appellant receiving notification of the Transfer Decision which is appealed against. The appeal must be approved by the receiving club before submission.
- c) The only basis on which an Appellant may Appeal a Transfer Decision is:

- i) If this Policy has been incorrectly applied by the Existing Club or the League in making a Transfer Decision;
 - ii) If a Transfer Decision has been made on the basis of incorrect or incomplete information in relation to the Player concerned; or
 - iii) If Exceptional Circumstances exist in relation to the Player, and those Exceptional Circumstances have not been properly taken into account in relation to the Transfer Decision the subject of the Appeal.
- d) The League General Manager/Administrator shall, after having reviewed the Appellant's Appeal, refer the Appeal on to the nominated Head of the Appeals Committee either:
- i) Refuse the Appeal, in which case the original Transfer Decision stands; or
 - ii) Grant Leave to Appeal, in which case the General Manager/Administrator shall organise for an Appeals Committee to adjudicate on the matter. This Appeals Committee will be made up of nominated representatives of the relevant League.
- e) The decision of the Appeals Committee in relation to any Appeal is final and shall not be capable of review or be otherwise justiciable.

Where the Existing Club's League is different to the New Club's League or the teams involved participates in NSWRL Conference Competitions

- f) In any case where an Appeal concerns a Transfer Decision involving or concerning more than one League:
- i) The application for Leave to Appeal shall be made to, and determined by, the NSW CRLA Appeals Chairperson(s); with rules 7 (a), (b), (c) and (e) applicable.
 - ii) Appeal Applications are to be completed on the NSW Community Rugby Leagues Association 'Request for Leave to Appeal NSWRL Player Transfer Policy Decision Form'. This appeal must be authorised by the receiving club before submission.

 - (3) Grant a formal appeal hearing, requiring the attendance of the Appellant who may bring with them one parent/guardian as a representative.
- 10) For the purpose of this policy, a Development player will be defined as any player who has been selected and participated in any Development Programs administered by affiliated NSWRL Districts in the past 12 Months.

- (a) Development players who are included in the NSWRL Protected Players List (those included will be notified of their inclusion as selected by the District Leagues), will not be eligible to transfer to any Division 1 Grand Final teams from the previous season, or any teams that have Four (4) or more Development players currently in their squad.
- (b) Development Players who play in a Division 1 team, will not be permitted to transfer to any other Division 1 team who has Four (4) or more Development players currently in their squad.

- (e) As Development player transfers come under the jurisdiction of the Illawarra South coast Merged Competition by-laws, all Appeals in regard to declined Case Reviews in relation to Development Players will be heard by an appeals panel convened by the Illawarra South Coast Merged Competition Committee and any subsequent decisions will be final. Appeals process will follow that as described in NSWRL, Policies and Procedures Manual.

11) Grand Final transfers for Dual Age Competitions

- (a) The limitation of transfers to Division 1 Grand Final teams will be relaxed for competitions that are dual age groups. This will be reviewed and implemented if dual age group competitions exist prior to the commencement of the current season.
- (b) **ALL** other aspects of the NSWRL Transfer Policy, including Development Player restrictions, will be strictly adhered to. Clubs will not be able to build “Super Teams” as the confines of the transfer policy i.e. the 2/4 rule and Development Player restrictions, will not allow this to happen. Should any transfer request be denied as per the policy, the normal procedure i.e. Transfer Denial Case Review, will be undertaken and reviewed in the appropriate manner.
- (c) With the purpose and applications of these policies in place, be reminded that all Transfer Requests will be considered in the context of the best interests of the game. Any Transfer Request, whether in breach of this policy or not, may be denied if it is deemed not to be in the best interests of the game. Clubs need to be reminded that the Illawarra South Coast Merged Competition administration is here to work with you on this and if the clubs have any concerns regarding mass numbers leaving their club, be proactive and contact your district administrator.

- (d) This will be reviewed at the end of this season and if participation numbers increase to the point where individual age groups are required in the coming season, the transfer policy will be reinstated to full capacity.

This list must be provided to Illawarra South Coast Merged Competition Committee and NSWRL Club and League Support Co-Ordinator at southcoastregion@nswrl.com.au before the commencement of the competition.
